September 2, 2022

Dear SMLS Families,

Our SMLS staff is excited to WELCOME back all of our students. A school is not a school without students! I wanted to reach out with some first-week of school reminders. Please read this School Messenger in its entirety including the attachments. There is a letter attached that will provide you with detailed information about Car Rider Lines and there is also a message from the Athletic Board, which includes information about fall sports.

1. The 1st day of school for all students in 1st-7th grade is Tuesday, September 6th and the 1st day of school for PreK and kindergarten is Wednesday, September 7th; Both Tuesday and Wednesday students will be dismissed at 12:40; Please note students can arrive in homeroom as early as 8:00, but not before that time
2. If you would like to take “1st Day of School” pictures, please park in the main office parking lot where you can park and easily take pictures of your child/children
3. During the first week of school all students will receive an Emergency Card for you to complete and return as soon as possible; We must have a new one on file each year; Please remember that the people you list on the Emergency Card have to be able to pick your child up if they are sick and the parents are unable to get them; Students will also receive a Health Form within the first two weeks that must be returned completed with updated/current health information; If you are a new family and have not turned in all of your child’s immunization records then please do so immediately; Please reach out to nurse@smlschool.org with any specific medical questions or concerns
4. All students should have a healthy snack each day and may also bring a water bottle to have throughout the day; SMLS has two bottle filler water fountains so students can bring refillable bottles
5. All students will need to pack a lunch beginning Thursday, September 8th; Students will have the opportunity to start buying their lunch beginning on September 19th; More information will follow
6. All SMLS families should now have access to Genesis; New families should have received an email giving them log in information for Genesis while families who were here last year will use the same login information and respond to this email with any issues
7. Before Care and After Care begin on Thursday, September 8th for pre-registered students; We have temporarily suspended the enrollment form on the website due to many recent enrollments and the need to ensure we have adequate staffing for additional students; We anticipate opening the form again within the next couple of weeks

Car Rider Line Arrival and Dismissal Letter September 2022 (1)

Important Message From Athletic Board

Have a great weekend and see you next week!
