Friendly Reminder about Gum Chewing in Church

Church's Code of Canon Law #919 teaches us that "one who is to receive the most holy Eucharist is to abstain from any food or drink, with the exception only of water and medicine, for at least the period of one hour before holy Communion". Chewing gum is NEVER appropriate in a Church. Catholics especially who will be receiving communion should never chew gum prior to Mass or during Mass for they would violate the Eucharist Fast and therefore would not be able to receive communion. Please be mindful of this etiquette and help our Church remain a gum-free zone.

ABOUT OUR CATHOLIC FAITH

St. Augustine of Canterbury
Feast Day: May 27

In the year 596, some 40 monks set out from Rome to evangelize the Anglo-Saxons in England. Leading the group was Augustine, the prior of their monastery. Hardly had he and his men reached Gaul when they heard stories of the ferocity of the Anglo-Saxons and of the treacherous waters of the English Channel. Augustine returned to Rome and to Gregory the Great—the pope who had sent them—only to be assured by him that their fears were groundless. Augustine set out again. This time the group crossed the English Channel and landed in the territory of Kent, ruled by King Ethelbert, a pagan married to a Christian, Bertha. Ethelbert received them kindly, set up a residence for them in Canterbury and within the year, on Pentecost Sunday 597, was himself baptized. After being consecrated a bishop in France, Augustine returned to Canterbury, where he founded his see. He constructed a church and monastery near where the present cathedral, begun in 1070, now stands. As the faith spread, additional sees were established at London and Rochester. Work was sometimes slow and Augustine did not always meet with success. Attempts to reconcile the Anglo-Saxon Christians with the original Briton Christians—who had been driven into western England by Anglo-Saxon invaders—ended in dismal failure. Augustine failed to convince the Britons to give up certain Celtic customs at variance with Rome and to forget their bitterness, helping him evangelize their Anglo -Saxon conquerors. Laboring patiently, Augustine wisely heeded the missionary principles—quite enlightened for the times—suggested by Pope Gregory: purify rather than destroy pagan temples and customs; let pagan rites and festivals be transformed into Christian feasts; retain local customs as far as possible. The limited success Augustine achieved in England before his death in 605, a short eight years after his arrival, would eventually bear fruit long after in the conversion of England. Augustine of Canterbury can truly be called the "Apostle of England."
