FROM FATHER MICHAEL...

!

"*Duc in Altum!*" Into the Human Condition

"Go out into the deep..." *What*? After a hard and fruitless night of work? This Sunday's gospel offers us the story of exhausted fishermen who have experienced what seems to have been a fruitless, night-long fishing trip and now the good Lord is telling them to get back into their boats and back to work—during the daytime? The first question in any fishermen's mind, according to scripture scholars, would have been: "*what does this rabbi (clergyman) know about fishing*?" After all, any fisherman would tell you that the best time to fish is at night and the best place is close to the shoreline, where the water is shallow and the plant life, which the fish feed on, is plentiful. *So why listen to Him*?

Scripture scholars also tell us that there was something about Jesus' presence—a "sixth sense" which Simon felt, if you will,—that directed him to act according to Jesus' Will.

From hindsight, we know the rest of the story and we understand that Simon and his fellow fisherman go back out into the deep waters and have a catch of fish that is abundant—so much so that their nets are tearing. The late Pope St. John Paul II used the phrase "*Duc in Altum!*" ("Go out into the deep") often during his pontificate so as to call Christians to a deeper understanding of their faith and the demands on which faith places in our everyday lives. Faith comes with responsibility. The sainted, late Pope John Paul II used this mantra so that we would understand the need to become active practitioners of faith to lead others by our light out into the "deep waters" of belief. *What they see in us—they then desire for themselves*. Today's gospel calls us to understand that the Kingdom of heaven is not just a futuristic, far-off place which we hope to attain one day, rather the Kingdom is present in the here-and-now, if you and I choose to make it so. It is all about cooperating with God and helping to bring His plans for humanity and salvation into our time and place. It is about a ***Lived experience of faith.***

But our culture often calls us to relegate faith to the sidelines of life—and certainly not to live it out proactively each day in the midst of work, family, community—and yes, even the public arena, i.e., for the common good—not just for the good of me or my family and friends. That is exactly what Jesus is asking of us. In recent weeks we have heard public discussion and commentary about "the right to life," from the horrifying passage of a radical expansion of New York State's abortion law to Virginia's proposed like-minded legislation and the State's gubernatorial comments which seem to make infanticide acceptable. We too must draw strength, as Simon did, from the presence of Christ in our world: from the Eucharistic meal as well as from the Mystical Body of Christ, His Church—and be people of compassionate courage on the issues of life.

Christ consistently speaks of life as valuable because it is created by God in His own Divine Image and Likeness. And then to every single human life, He fills them with gifts and talents to make His Kingdom present in every age. Will we use those gifts and talents for His purpose?

For some folks the conversation of pro-life issues can simply be too difficult—and many times it is—but to fail to speak up about it and to fail to defend life—will only lead to callousness. So let's look at the beauty and joy which God has imprinted on human life, in a very different but clear setting.

If you haven't been introduced to *BeanZ & Co* up at *The New England Pasta Company* on Route 44 in Avon, allow me to do that: Inspired by the *Be Thoughtful Movement* (founded by Susan Johnson and Steve Tarca and having a core mission of supporting local businesses that employ people of all abilities) *BeanZ & Co* is about recognizing human dignity and is a café that not only specializes is great food, coffees and more, but is a based on the premise that everyone is meant to have a purpose in life and by using their unique gifts is directed toward hope. which is something every single human person desires and needs. *BeanZ & Co* is the creation of Kim Morrison, owner of The New England Pasta Company and Noelle Alix of Simsbury, mother of St. Catherine of Siena altar server extraordinaire, Cate Alix.

The mission of *BeanZ & Co* is to illustrate the unique power of every human person while acknowledging that we all have different abilities (talents and gifts from God) which are complimentarily and of great value and import in our collective human society. We also recognize from this venture that the joy each person receives from having a purpose in life is just one of the common denominators of our human condition. It is about our fulfilling God's purpose, being part of everyday life and of assimilating our unique abilities and gifts into society—not because it is a "good thing to do," but because it is the righteous—God desired—thing to do. This too must be part of the bigger discussion of

The food pantry needs volunteers to take the food donations and transport them to the basement of Eno Hall. This ministry only takes a half hour, sometimes less and the ability to pick up bags and fill the inside of a car and drive to Eno Hall. This delivery is every four weeks and the next date is Tuesday February 12th. If you are interested in this important and fulfilling ministry, please contact the church office. Fr. Michael continued…….
pro-life issues: that every single life, is made in God's Divine Image and Likeness, and has great value, and that the differences of each person's abilities should not be viewed competitively—but rather as complimentary. For we all have a purpose and are part of God's plan for human existence. Once we see each other in that vein, can we really regard any human life with such callousness?

I highly recommend enjoying a meal at *BeanZ & Co.* The food is excellent, the place is spotlessly clean, and the company is enriching and uplifting. At this establishment we can count all our blessing—and perhaps begin anew the conversation about life.

Papal Honors for Monsignor Matera!

On Sunday, 24 February at St. Thomas Seminary Chapel in Bloomfield, Father Frank Matera of St. Mary Parish will be welcomed ceremonially into the Papal Household at evening Vespers.

Pope Francis named Monsignor Matera, along with 8 other Hartford priests, to the papal honors for their service of distinction to the Church, in recognition of outstanding work in a given field or fields. Along with Father Matera's work as a great pastor at St. Mary Parish and School, he has distinguished himself through post-doctoral studies in sacred Scripture and has served on the faculty of St. John Seminary in Boston for 5 years and then for 24 years as a professor of sacred Scripture at The Catholic University of America in Washington, D.C.

The title of "Monsignor" is an honorific and it literally means "my lord." It is a familial title in the Church, as we are the family of God, just as are "Father," "Sister," "Brother," and "Holy Father." While it might not sound so familial to us today, it does date back many centuries and has criteria and distinguishing associations attached to it. It is a sign of respect for males, just like similar words in all European languages (*Herr* in German; *Pan* in Polish; *Signore* in Italian; *Señor* in Spanish, etc. In English the equivalent is "Mister," which derives from 'master." In the same way, "monsignor" is simply a sign of respect.

Congratulations, Monsignor!

Please Join Us THIS MONDAY in Hartford to Defend Connecticut Pregnancy Centers

Connecticut pro-lifers need to turn out Monday in numbers as big as possible and testify against this bill! Please make plans now to be there.

Here are the details:

"The Public Health Committee will hold a public hearing on Monday, ***February 11, 2019*** *at* ***10:30 A.M.*** *in* ***Room 1D*** *of the LOB. The Committee is accepting electronic testimony via email at phtestimony@cga.ct.gov. Please submit electronic testimony in Word or PDF format no later than 2:00 P.M. on Sunday, February 10, 2019. If you are unable to submit electronic testimony, please submit 10 copies of written testimony no later than 8:30 A.M. on Monday, February 11, 2019 in Room 3000 of the LOB...Testimony submitted after the deadline may not be available to Legislators until after the hearing. Sign-up for the hearing will begin at 9:00 A.M. in the First Floor Atrium of the LOB. The first hour of the hearing is reserved for Legislators, Constitutional Officers, State Agency Heads and Chief Elected Municipal Officials. Speakers will be limited to three minutes of testimony..."*

In addition to submitting your written testimony to the Committee and being physically present at the public hearing on Monday, **we ask all our members to email their legislators to express opposition to the Anti-Pregnancy Center Bill.**

So again, the action items are: 1) Email your legislators right now. 2) Write and submit testimony to the Committee before the deadline. You don't have to give testimony verbally, if you don't want to. You don't even have to be physically present, if you cannot be there. But it is important that the written public record show how many people oppose these bills. 3) Come to the Legislative Office Building on **Monday, February 11th** to attend the public hearing and show your opposition. Even if you choose not to testify, please come to the hearing if you can. Just your silent presence, wearing our stickers, sends a powerful message to the legislators.

And: 4) Pray! We need *a lot* of prayer this time.

Please allow extra time for parking and be prepared for a *long* day. Bills will be heard in the order listed in the bulletin and H.B. 7070, the Anti-Pregnancy Center Bill, is the *last* on a list of *fifteen* bills to be heard that day. Thank you!
