

St. Bruno Parish School, Inspires Academic Excellence and Instills Catholic Values within a Faith-Filled Community.

Dear St. Bruno Families,

We wanted to share an important update regarding our lunch program that will take effect on **November 1st**.

Several years ago, St. Bruno Parish School made the decision to order milk for hot lunches separately from the Kettle Moraine (KM) School District's lunch program. At that time, Kettle Moraine adjusted our hot lunch prices by removing the milk cost and reimbursed St. Bruno for those milks. Over the years, procedures changed, and KM no longer provided reimbursement for the milk portion. As a result, St. Bruno began paying for milk directly—although it continued to be advertised as part of the hot lunch price, the cost was actually being covered by the school.

To simplify this process and ensure consistency moving forward, our administrative team met with Kettle Moraine to explore solutions. We are pleased to share that beginning **November 1st**, milk for hot lunch will once again be included through the KM lunch program. This change will:

- Streamline milk ordering and billing for the school,
- Consolidate all payments for milk and lunches within **Infinite Campus**, and
- Eliminate the financial burden of milk costs from St. Bruno's budget.

Here's what will change effective November 1st:

- **Hot lunch price:** \$4.25 (includes milk)
- **Cold lunch milk:** \$0.50 per carton
- **Billing:** All lunch and milk fees will be billed directly through **Infinite Campus**

If you need assistance accessing or navigating Infinite Campus, our school office is happy to connect you with the Kettle Moraine staff who can help. All students who take hot lunch or plan to take milk with cold lunch will need funds in their Infinite Campus account.

Thank you for your understanding and support as we continue to improve our food service program for our students and families.

Warm regards,

Nicole Nickolaus

Principal, St. Bruno Parish School
