

Dear Families,

As part of our commitment to preparing students for success in a digital world, St. Bruno Parish School offers students access to individual Google Workspace for Education accounts. These accounts provide tools such as Google Docs, Slides, and Classroom, and include a school-managed Gmail address for educational purposes only.

Students will be guided on the appropriate and responsible use of their accounts. These accounts are intended strictly for school-related activities and will not be used for personal communication.

While we understand that providing students with access to online tools carries some risks, we believe that the educational benefits—such as collaboration, creativity, and digital literacy—greatly outweigh those risks. We take student safety and privacy seriously and will continue to monitor and support appropriate use of these resources.

Please complete and return the attached consent form to authorize the creation of a Google account for your child. Without a signed form, your child will not be granted access.

If you have any questions or concerns, please don't hesitate to reach out. Thank you for your continued partnership in supporting our 21st-century learners.

Blessings,

Mrs. Nikki Nickolaus
Principal
