St. Theresa Book Fair

Thank you to all those who attended the book fair on Friday, December 4, at the Barnes & Noble in River Oaks. It was a great success with many exciting visitors. The choir, under the direction of Mr. Sentman-at, sounded wonderful singing a variety of Christmas carols. Mrs. Iliski read two delightful stories to our little ones, and Santa brought many smiles as he listened to children's wish lists while posing for photos. Thanks to Mrs. Vig special artwork created by our very talented students which was visible throughout the store. What a marvelous way to celebrate the Christmas season with this fun-filled community event!

Christmas Traditions

By: Natalia and Katarina

The year has come to a point when we start celebrating Jesus. Even when it is his birthday, we are the ones who get presents, and in return, we celebrate him, his mercy, and his love. Here are a couple things we can do to show Jesus a fraction of how much we love him:

Send a holiday card to your cousins or grandparents

Make ornaments

Go green (recycling, planting trees...)

Share traditions with friends

Go through your room and put together a give-away box

Spread sweetness

Make or buy an advent calendar

Spread cheer

Make thank you cards to everyone who has helped you throughout the year

Go caroling

Watch a holiday movie

Bake cookies for Santa

Last, but not least, have fun! Give thanks to Jesus for everything he has done for you.

Sports

Basketball

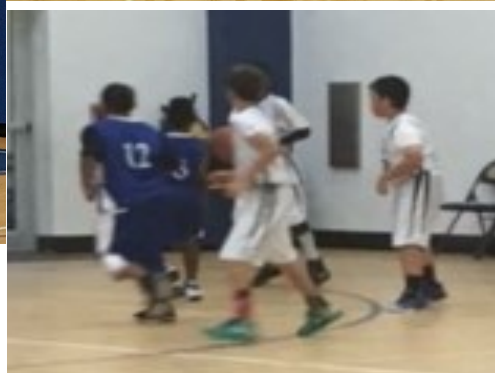

By James Gibson and Patrick Martinez

Basketball is a team sport. Two teams of five players try to score the ball into a hoop that is elevated 10 feet above the ground. Basketball is one of the most popular and viewed sports in the world. A team can score two points by shooting the ball through the basket during regular play or one point from the foul line. There is also a three point line where any basket made beyond that line are worth three points.

There are positions in basketball, just like any other sport. Traditionally, the taller and stronger players of a team are called a center and/or a power forward. While slightly shorter players who possess the ball handling skills are called a point guard or shooting guard. Overall basketball is a very fun sport to play! You should try it!
