

Creating Confident Kids Through Customized Therapy

St. Thomas More is pleased to offer ***Occupational Therapy*** services. Occupational therapy services will be provided at St. Thomas More by the therapists from ***Emerge Pediatric Therapy***, a pediatric speech, occupational, and physical therapy clinic with locations in Durham, Cary, and Carrboro.

Occupational therapy screenings will be offered to help identify those children who are in need of further evaluation and/or therapy. This screening process also provides your child's teacher with information that is relevant to the educational programs offered at St. Thomas More. The cost of the screening is \$80 for all *out-of-network clients (see below).

In order for your child to participate in this screening process at St. Thomas More, please complete the information below and return it to the school. You will be contacted when the screening has been formally scheduled. Following the screening, feedback of your child's performance will be provided over the phone and/or by email.

If you have any questions regarding the screening process, please do not hesitate to contact ***Emerge Pediatric Therapy*** by phone: (919)928-0204 or email: info@emergepeds.com.

Child's Name: _____ **DOB:** _____ **Teacher:** _____

Parent's Name: _____ **Email:** _____

Address: _____

Phone Number: _____

*Emerge Pediatric Therapy is in-network for NC **Medicaid** and **Tricare**. We are out of network for all other private commercial insurance plans.

_____ **My child's plan is not in-network with Emerge, and I:**
_____ **have enclosed a check for \$80 payable to *Emerge Pediatric Therapy***
_____ **would like to be called to provide payment over the phone and can be reached at**
 () _____ - _____

_____ **My child has (circle one):** **NC Medicaid** **Tricare**
If your child has one of these in-network plans, do not enclose a payment.

My concerns about my child's *fine-/visual-/gross-motor, writing skills, attention, focus, or overall development*
are:
