"Assisted suicide proponents are pursuing an aggressive nationwide campaign to advance their agenda through legislation, ballot measures, litigation, and public advertising, targeting states they see as most susceptible to their message. Some polls indicate that the public is receptive to the general concept of assisted suicide. But the same polls show that when the public learns about the dangers of assisted suicide, especially for those who are poor, elderly, disabled, or without access to good medical care, their views shift against the practice." Mary in today's
modern world*

Guest Speaker: Brittany Benner Perez

Brittany will share her journey from secular media as a tv reporter, political correspondent, and communications professional to motherhood as a homeschool mom. Learn how Brittany's faith transitioned from 'Sunday Catholic' to living her faith more wholeheartedly with her family, including spending two months in Italy over Christmas during the 2025 Jubilee year. She is married to Kent, homeschooled their three children, and loves drawing hearts closer to Christ. Prayerfully consider inviting a friend and joining us for this inspirational witness to find out how *you* can live a fiat like Mary today.
