Celebrating October with the Rosary

One of our most treasured traditions is the annual Living Rosary led by the 5th grade class. To prepare for this important role, our students spend time learning about the

World Mission Rosary and our call to be missionary disciples in our daily life. In praying this rosary together, we remember the missionaries serving across the globe, while each differently colored decade focuses our prayers on specific parts of the world.

We look forward to witnessing the 5th grade's school-wide rosary on Tuesday, October 27th, at 1:30 pm, and invite our parish families to join us in this special devotion during the month of the Holy Rosary.

Rice Krispie Science

Our 7th graders recently wrapped up their study of cells by building edible animal cell models. The classes utilized science, engineering, and creativity to demonstrate their understanding of cell structures and functions. This hands-on project allowed our student scientists to visualize and reinforce how cells function in a fun and memorable way.

Now the mitochondria will not only be known as the "powerhouse of the cell", but also fondly remembered as orange slice candies within a Rice Krispie cytoplasm. It is a visual our students will be sure to carry with them beyond our halls!

Loving and compassionate Lord Jesus, You brought strength and healing to the afflicted. Through Your healing touch and words, You restored sight to the blind, hearing to the deaf, strength to weakened limbs, and wholeness to those afflicted with disease.
