**NOTICE OF EMERGENCY STORM DRAIN REPAIR
GAME PRESERVE ROAD**

July 24, 2018

Dear Resident:

This letter is to provide you with an update regarding the ongoing closure and upcoming repairs to Game Preserve Road; the road remains closed between MD-355 and MD-117. The Montgomery County Department of Transportation (MCDOT) Division of Highway Services (DHS) will be managing the project.

Due to the extremely heavy rains that moved through the region this past weekend, a County-maintained storm drain failed along Game Preserve Road. The storm drain is considered a total loss and MCDOT crews will be replacing the failed storm drain and installing new concrete infrastructure. This new infrastructure will include concrete headwalls on the west side of the road. The replacement work will include a significant excavation for the installation of an appropriate size headwall and footing.

This replacement work should take between seven to ten (7-10) days and MCDOT is making every effort to expedite this work. A map of the detour can be found on the reverse of this letter and residents are encouraged to follow all posted signage. Any disturbed areas of the County-owned Right of Way will be repaired as needed with dirt, seed, and grass.

Should you have any general questions or concerns relating to this project, please feel free to contact Mr. Jeff Knutsen, Chief of Field Services, at 240-777-7634.

MCDOT thanks you for your cooperation and again we apologize for any inconvenience this project may cause.

Sincerely,

Richard Dorsey
Chief, Highway Services
MCDOT
