St. Cecilia Student's Pray the Rosary

Saint Cecilia students prayed the rosary daily during the month of October, traditionally the month of the rosary. Prayer is a way to help us get in touch with God and to develop a relationship with him. Students will now continue to pray the rosary weekly in their classrooms. During the month of May students will participate in the crowning of Mary and again pray the rosary daily.

A Visit to Field's Point Wastewater Treatment Facility

On Monday, October 29th grades 3, 4, and 5 visited the Field's Point Wastewater Treatment Facility for an in-depth look into what Narragansett Bay Commission does every day. We also went to Slater Park where students conducted water quality experiments. Thankfully, the weather improved as the day went on!

Celebrating and Honoring Our Veterans!

This November, in what has become a yearly tradition, the students of Saint Cecilia School made Veteran's Day cards in Mrs. McPhee's Art Class. Mrs. Treglia hand-delivered the cards to those living at the Rhode Island Veterans' Home Community Living Center in Bristol, RI. All students, from

pre-k to 8th grade, were excited to make a small token of appreciation for our veterans and their service to our country. While the students were making their cards, they learned about the symbolism of our flag and how it's been represented by artist Jasper Johns. The students learned

that they are capable of brightening someone's day with their talents, while also fostering a sense of community and service to others.
