
THE CENACLES

Their Spiritual Benefits and Power

Throughout her messages to Fr. Gobbi, Our Lady repeatedly asks for the formation of cenacles: "*Multiply your cenacles of prayer.*" Why are they so important to her? Why are they so dear to her Heart? The answer is simple. It is because of their many spiritual benefits, and also because they are the golden key that unlocks her tremendous power of intercession.

1. *The cenacle is a powerful tool in Our Lady's hands to lead many to salvation.*
2. *In the cenacle, we allow her to prepare us spiritually for Our Lord's second coming.*
3. *The cenacles bring us security, peace, consolation and hope.*
4. *They are our protection against confusion and apostasy.*
5. *They are a protection from the evils which are threatening the families of today.*
6. *The cenacles act as "lightning rods" which will protect us from the chastisement.*
7. *The cenacles will be our safe havens in the hour of the Great trial.*
8. *In the cenacles, we will come to understand "the whole and entire truth."*
9. *The cenacles prepare us to become "apostles of these last times."*
10. *Children's cenacles, in particular, give great spiritual power to Our Lady.*
11. *The cenacles are the spiritual force which, in the end, will release in Our Lady the power given her by Jesus to crush the head of Satan!*
12. *In the cenacles, the Holy Spirit will come down to lead us to the second Pentecost.*
