FATHER’S MESSAGE

For this weekend’s gospel, it can seem that Jesus is trying to hide something from people and he is happy about it. This is confusing because Jesus was intent in all of the gospels to do the will of the Heavenly Father which was to bring everyone back to God. Why is Jesus saying this now?

At that time Jesus exclaimed:
"I give praise to you, Father, Lord of heaven and earth, for although you have hidden these things from the wise and the learned you have revealed them to little ones."

Jesus is happy that the Word of God is being revealed to those who long for and are willing to receive God into their hearts, their minds, and their souls. The wisdom of God is often hidden from the wise and learned because they have already learned many things and aren’t as willing to learn new things from someone else. The childlike are different in this regard because they are always willing to learn and they are not afraid to approach God for all of their needs. They have learned that everything comes from God and shall return to Him, so why not ask our Heavenly Father for the things that we need on a daily basis? We have already made this petition whenever we pray the Our Father, especially when it comes to the part where it says, “Give us this day our daily bread”.

This is a great lesson for all of us for further prayer. Lord, what is holding me back to completely surrender myself to you? Once we begin to bring this prayer, the Lord will instruct us about the truth of ourselves and when this has been revealed it further leads to a response. What are we going to do now to further our relationship with God in order to trust in him more?

Sincerely,
Fr. The Hoang

THE ESSENTIAL TEACHINGS OF MOTHER TERESA

One of the most beautiful gifts that God has given me is to serve and put my love for Jesus in living action as I serve the poorest of the poor... in giving tender love and care to the poor, to the dying, to the crippled, to the unwanted, to the unloved, to the lepers, and so bring new life and new joy into their lives.

Rigorous poverty is our safeguard. We do not want, as has been the case with other religious orders throughout history, to begin serving the poor and then gradually move toward serving the rich. In order for us to understand and to be able to help those who lack everything, we have to live as they live. The difference lies only in the fact that those we aid are poor by force, whereas we are poor by
