Fifth Grade

By the end of fifth grade, students will identify letter sound relationships and recognize new words by the use of phonics skills and word patterns. The fifth grader will know how to express and use letter sound relationships so that they can demonstrate comprehension through the use of context clues. They will be able to apply word relationships to other subject areas and will use the skills to read appropriate books, write sentences and short stories, and listen to and speak in Spanish.

Archdiocese of Santa Fe Standard 1: Communication
Students will increase their knowledge and understanding of the Spanish language and become active participants in our multilingual and multicultural society.

NSFLE Standard 1: Communication
Students communicate in languages other than English.

NSFLE Standard 3: Connections
Students connect with other disciplines and acquire information.

NSFLE Standard 4: Comparisons
Students develop insight into the nature of language and culture.

NSFLE Standard 5: Communities
Students participate in multilingual communities at home and around the world.

These objectives should be achieved per grade level by all schools. The curriculum may be tailored for schools that offer a Spanish program of less than three times per week in accordance with each school's resources and the approval of the school's administration.
