

The Angel said to her, do not be afraid Mary.

Such is Gabriel's message today to every pregnant mother. "Do not be afraid" to welcome new life, even when it upsets your plans, changes the direction of your life, and requires you to mature in unexpected ways.

If God created a life in the womb, he is making you ready, and has plans for that child and you.

Lord remove all fear from the hearts of those who are pregnant and fill them with Your peace and joy.

Life Chain is October 6th, 2019 from 2-3pm. Please join us and show your support for the unborn. We will gather at the corner of Second Line West and Great Northern Road. Signs will be available at this location.

Collection for the Needs of the Church in Canada: Support for the Bishops of Canada to Proclaim the Good News

As his term as President of the Canadian Conference of Catholic Bishops (CCCC) draws to a close, Bishop Lionel Gendron, P.S.S., Bishop of Saint-Jean-Longueuil, expresses his sincere appreciation for the breadth and abundance of work accomplished by dioceses/eparchies, regional episcopal assemblies, and the CCCC as a national conference. Support of this annual collection for the country's Bishops "will help us achieve our goals, and to proclaim the Good News in Canada."

The Collection for the Needs of the Church in Canada will take place September 28th and 29th, 2019. This annual charitable initiative assists the Bishops in their ministry of accompanying, teaching, guiding, sanctifying and caring for the Church in Canada.

Working to Build a Better Society

While Christian beliefs do not constitute a political platform, they can be seen as a prism through which to analyze and evaluate government policies, laws, and programs. The principles of respect for life from conception to natural death and of the dignity of the human person should influence how Christians assess a party's position on key moral issues. Choosing life also means being always concerned for the weakest among us – physically, economically, and socially. It likewise implies the protection of the most fundamental human rights, including the right to religious freedom and freedom of conscience.

A more just society is also built when we live in solidarity and dialogue with different social partners, including Indigenous Peoples, as well as by supporting families and ensuring adequate funding for education, healthcare, housing, and the prevention and treatment of addictions.

Working with fellow citizens to address social concerns is fundamentally built on a view of the person inherently belonging to a community. To ensure our communities are truly welcoming and humane, we must also combat all forms of poverty, which inevitably result in the segregation and isolation of individuals.
