GOSPEL MEDITATION

Encourage Deeper Understanding of Scripture

A friend of mine is a young priest who teaches high school physics at a Catholic boys' prep school. Like many today, the boys often think science and religion are enemies. So, he delights in their raised eyebrows when he reminds them his first full-time job as a priest was to be an astrophysicist. He cataloged the size, shape, and matter of distant stars. He tells them, "Science gave me more love for God, not less."

The Magi were something like scientist-astronomers. Like today's scientists, they employed disciplined methods of discovering dependable patterns in the world. Their rigorous commitment to the truth led them to the joy of discovering Jesus. Their love for knowledge leads them

to worship the Source of all knowledge. Luke says of them, "They were overjoyed at seeing the star."

We may see the universe as cold and empty and feel sad. But why should we do that? The Magi, like my priest-friend, show us there is another way to experience the world. We use our intelligence to discover the beautiful patterns in the world — in mathematics, physics, astronomy, biology, neuroscience, and so on — and allow this to lead us to greater love for God. So, my fellow Magi: the world needs us to be overjoyed at finding God in science and, finally and fully, in Jesus.

— Father John Muir

Magi from the east arrived in Jerusalem, saying, "Where is the newborn king of the Jews? We saw his star at its rising and have come to do him homage."
- Mt 2:1b-2

LOVE

To *love* is learning to follow *Christ* with others.

We believe the more you study the faith and encounter God in prayer, the more you will be mindful of his grace. Nurture your relationship with God and consider spending time with others, reading scripture, and growing in faith. You were not meant to journey through this faith alone!

Consider joining a bible study, prayer group, outreach or support ministry to enrich your faith and community life.

THANK YOU FOR YOUR SUPPORT! World of Nativity Display 2022

Our thanks to the 21 parishioners that volunteered to sit and host the St. Julies World of Nativities for 2022. There were 757 guests that enjoyed the display and 117 were children that participated in the scavenger hunt. The hunt was to find specific nativities and put down the country they represented. Those that worked the display were rewarded by the guests comments, some that were written.

Visitors reflected on the true meaning of Christmas, memories of past Christmases and enjoyed a few moments of peace and connection with the Christ child.

A special thanks to Camille Van Ast for co-chairing and covering for me when I tested positive for covid.

My appreciation to those that hosted whether 2 hours or 20 hours. Bob and Roberta Rials, David Cope, Marita Howell, Ralph and Ann Scoffidi, Christine and Charlotte Sitbon, Jen, Eliza and Naya Lunney, Lysa Schaffer, Sachi Stark, Christopher Berg and Cameron Downes, Joan Turner, Mona Hotchkiss and Sue Martinez, Stephanie Griffith, Joan Funk. Our friends and collectors Lisa Cosand, Patty Zeng, Lyndell Fong, Sylvia Griswold and Sherry Molinari.

Thank You , Anna Gaz
