Higher Catholic Education Special Collection

Next weekend, Catholics in Central Texas are being asked to support Catholic higher education in our diocese. This collection directly supports our campus ministry programs at the colleges and universities in our diocese.

Many central Texas college students attend public and private universities. The Church must have a strong presence at colleges and universities. We need to be at the center of campus life and in the hearts and lives of students, faculty and staff. Effective Catholic campus ministry programs will allow our young adult Catholics the opportunity to grow in their faith. Many young men and women are called to the priesthood and religious life through their experiences in a strong Catholic campus ministry program. Your generous support of these worthy programs is greatly appreciated.
