Music is a language with the profound
ability to stir the heart, inspire the
mind, and enliven the soul.

—Eric Genuis

"What a pleasure to listen to not only a world class pianist and composer, but an artist whose music translates beyond its genre to lift the audience to belief and hope in the power of the human spirit. I have been honored to be present at several of Eric's concerts. Every time with every unique audience nuance, those present felt the power of Eric's music and his words clearly elevated people."

—Jim Caviezel has acted in 'The Count of Monte Cristo',
'The Thin Red Line', 'Frequency', 'Person of Interest'
