

Hello Third Graders!

The summer is a fun time to play, relax, and enjoy the warm weather with your family and friends! While you are away from school, it is very important to keep your brain strong and healthy! Reading a good book on the beach or at bedtime is a great way to do that. To prepare for third grade, please choose one book and complete the enclosed book report form. We also ask that you complete a reading log to track your summer reading. The reading log is attached for you.

It is also important to keep your math skills sharp over the summer, so we have prepared a packet with various math topics that you have learned. You can work on these a little bit at a time throughout your vacation.

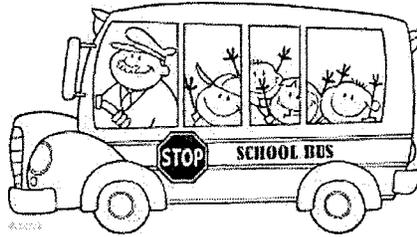

We look forward to meeting you in September!

Happy Summer!
