1. Approve 8/12/25 minutes
2. Prayer – Frank
3. Introductions
  - a. Bridget Murphy (principal) and Mark Miller (architect) for AHS
4. Continuing Business
  - a. Host FDLC National Meeting in October 2026
5. New Business
  - a. AHS Chapel  
Visited site and reviewed documents. Davenport code requires that this new construction be able to serve as a storm shelter (up to 250mph). Two toilets required. 3000 square feet. Seating up to 210. Reusing existing altar and ambo. Up one step. Ramp. Relocate 2 existing stained-glass windows – one at each entrance with backlighting. Clerestory with natural lighting. Tower over altar with windows as well and cross visible from the outside. Will allow for HVAC to quad. Art program discussed. How can tabernacle be visually separated from liturgical action? Discussed alternative seating arrangements, but would not allow for enough seating. Also offered idea of using chairs in some places. Discussed confessional placement. Brought up issue of noise (HVAC, plumbing). Spent a lot of time discussing toilet in sacristy (code requires 2 toilets for a new space this size); DLC uncomfortable with current plan and various options were reviewed.  
Meet with DBC next week.
6. Next meeting:
  - a. March 19
  - b. Prayer: TBD

Respectfully submitted,

Dc. Frank Agnoli  
Chair
