From the Pastor's Desk

As we celebrate the feast of Corpus Christi, we give thanks for the priceless gift of the Holy Eucharist—the true Body, Blood, Soul, and Divinity of our Lord Jesus Christ. Every time we approach Holy Communion, we come before a profound mystery of faith and an encounter with Christ Himself.

Throughout much of the Church's history, receiving Holy Communion on the tongue has been a cherished practice that visibly expresses reverence, humility, and the understanding that the Eucharist is a gift received rather than something we take for ourselves. By opening our mouths and receiving from the minister, we are reminded that salvation comes from God and that Christ nourishes us with His very life. Reception of Holy Communion on the tongue is still the expectation in the Catholic Church. An *indult*, meaning special permission, was granted to the bishops of the United States in the late 1970s to permit communion in the hand, thus it was never meant to be the normative way of reception. If it has been years since you last received communion on the tongue I would encourage you to try it and allow yourself to have the experience of being fed by God in this intimate encounter.

Whether one receives Communion on the tongue or in the hand, the Church calls all the faithful to approach the Eucharist with faith, devotion, and proper preparation by being in the state of grace. On this Corpus Christi Sunday, may our manner of receiving Holy Communion reflect our belief in the Real Presence of Jesus in the Blessed Sacrament and deepen our desire to worship and adore Him with reverence and joy.

On Sunday June 7 at 6 pm we will have a Eucharistic Procession following a special evening Mass that will be held for our young people attending Catholic Work Camp. Please feel free to join us for this public display of our faith.
