

The weekly theme was space with '**Shine Jesus' Light**' being the reiterated phrase daily. We should always '**Shine Jesus' Light**' when: life feels dark, people don't get along, good things happen, people are sad, or people need help.

These points were reiterated in stories, games, videos, imagination, songs, & even snacks. Students launched rockets, practiced magic tricks, made crafts, & donated money to help provide bibles to kids in need. The finale was Mass where the students sang & danced, 'Shine His Light' afterwards with pizza & ice cream concluding VBS. Twenty-one students participated in VBS.
