### **SHHHH This part is a secret!**

Please write your youth a *Love Letter*. The idea of the *Love Letters* is to let the retreatant know, through your own words, how special they are to you and to reveal your hopes for them about the retreat. The letter you write is an opportunity for you to express your personal appreciation to your retreatant, for their friendship, their influence upon your life, and perhaps some specific incidences or stories that you may recall concerning your relationship that might encourage them in their spiritual growth. For younger friends or family, they can draw pictures to also express their connection with the retreatant. Please gather as many letters as you can from family, friends etc. Letters can be turned in the day of retreat when you bring your child for check in, or starting the week before with the Church receptionist. They can be emailed to Brenda if needed to be printed off, deadline for emailed letter is Dec. 8<sup>th</sup>.
