Dear POP Parents,

Thank you for all of you who were able to join us at our Back To School Night! It was wonderful to see you and be able to share a bit more information about our curriculum and classrooms. If you were not able to attend, please reach out to your child(ren)'s teachers for any information you may have missed.

One of the main things we talked about in the general session was starting up our POP Parent Association. Mrs. Deisy Pereida will be leading this group and is looking for parents to help out as officers, event coordinators, or volunteers at specific events. As a POP Parent, you are already a part of this group. The goal is to provide a way for you to get involved in the different events and help to plan them. We will be scheduling monthly meetings, so even if you can't commit to being an officer or an event head, please come to any of those meetings that you can. [Please fill out this online form](#) if you didn't fill one out at Back To School Night.

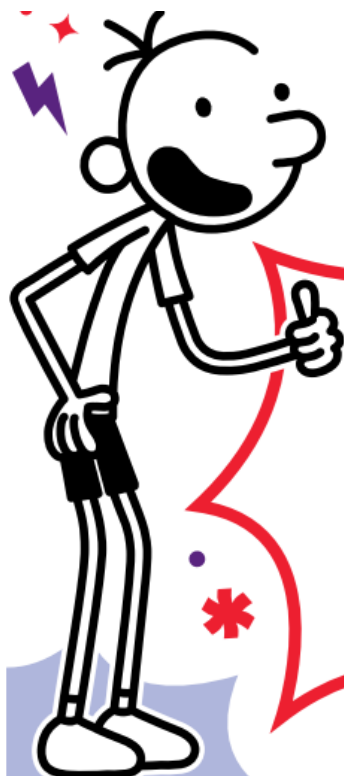

We will be partnering with Huntington again to work with students who may need extra support or enrichment. There are two parts to this program. The first is funded by the school where we determine through various data points, including grades, standardized testing, and teacher observations if a child could benefit from additional support. This extra support takes place during the school day and is scheduled to minimize time away from core subject instruction. The second part is an option for parents to register their child with Huntington at a discounted rate with services provided here at the school after dismissal.

Have a wonderful weekend!

Mrs. Whitmore
