

Dear Families,

Preparing for kindergarten is an exciting time! In order to help your child feel fully prepared for the upcoming school year, I've created a packet of some key kindergarten skills. By assisting them with these skills, you will be setting them up for success this year. Please note, these are only a few of the things we will learn in kindergarten, but they are some of the most important foundational learning objectives. This packet is not meant to be done independently, I encourage you to sit with your child and help guide them along the way. I am truly looking forward to a wonderful year ahead!
