TURKEY.-

Ancient Constantinople, a very important center of the Christian faith, is now the beautiful capital of Istanbul, with so much to admire such as: the Topkapi Palace, the cathedral of Saint Sophia, the cableway or gondola to the Pierre Loti lookout, the mosque of Suleyman the Magnificent, and the Galata Tower. We will navigate through the Bosphorus Straights, that connects the Black Sea to the Sea of Marmara, separating Istanbul into two parts, European and Asian. We will admire Muslim palaces, and we will go into the Blue Mosque.

GREECE.-

A country with unique traditions and culture. Their people are kind and they have a temperament similar to those of Latinos. Its capital, Athens, retains the beautiful vestiges that were the basis for Western Civilization. We will visit the Acropolis, with its impressive Parthenon, and in the evenings, we can enjoy their delicious food and typical dance of Greece.

During our journey, we will go to the caves and monasteries built on the tops of impressive rock formations. We will go to Metsovo, a small town in the mountains with an aroma of firewood, and it has delicious roast meat that we will be able to enjoy. We will sail along the Coast of Albania until we arrive to Corfu, one of the most beautiful Greek Islands. We can enjoy the spas of Nydri on the island of Scorpio, the old property of Onassis. We will visit Olympia, the headquarters of the ancient Olympic games, and we will go to Patra, where we will embark on a ship headed to Italy.

ITALY.-

After disembarking in Brindisi, we will go to Naples and then we will go to the ruins of Pompeii, that were preserved covered by the ashes of the Vesuvius. In Rome we will go to an audience with Pope Francis in the Vatican, and we will take a tour of the impressive capital of Italy that is full of contrasts.
