Phone: (_____) _____

Relationship to child: _____

Image Release

There are times when we would like to share good things happening in the parish and diocese. To do this, we need parental permission to publish or display publicly photographs, videos, or other media that includes images of minors. This includes print and digital formats used by the parish or diocese such as bulletins, newsletters, websites, Facebook, or Instagram. While the grade level or group of children depicted may be provided, names are not released without additional parental permission secured before identifying specific children in an image or recording.

I give permission to display/publish my child's image as described above: ☐ Yes ☐ No

Signature of parent/legal guardian: _____ Date: _____
