

Summer

Practice

Dear Parent(s),

We are so excited to welcome your child to first grade at PJP! Summer comes with a lot of fun, but we want to make sure that your child's transition to first grade is successful!

Please complete the following packet with your child throughout the summer and return it to your child's teacher during the first week of school.

You will find a list of recommended books on the first two pages. Please select two books from this list to read with your child. For each book, your child will complete a short book review sheet included in the packet.

The rest of the packet has directions on each page.

In addition to this packet, the most beneficial thing you can do for your child this summer in terms of reading is to review letter identification/sounds, practice blending CVC words, and practice high frequency words. For math, making sure they understand the value of each number and practicing simple addition and subtraction facts will set them up for success.

Thank you for taking the time to practice these skills with your child!

God Bless,
PJP First Grade Team
