The Sharks were at it again! Our seventh graders came up with the best businesses yet! Each student created their own businesses to present to the "Sharks." They developed an idea, created business cards, brochures, advertisements and they designed their own websites to market their businesses.

Frank Sveva and Scarlett Conroy created "Around the World in one Hour," a virtual reality bus ride that will bring you "virtually" any where you want to go...the Colosseum in Italy, Thailand, you name it! Claire Cush and Caitlyn Toolin created Uniform Co.; but not just any uniform shop - their uniforms are reversible! They took the standard SBS plain uniform, and reversed it to a solid navy. They sewed their new creation with the sewing skills they were taught in Design U! Basketball VR, created by Michael Abel and Brendan Kane, is a virtual reality game that allows you to play your favorite players in a 1 on 1 match.

The Sharks were very impressed with all the entrepreneurs!
