FINAL WEEKLY VIDEO UPDATE

[Watch this school year's final update from Mrs. Gallagher and special guests!](#)

HAPPY SUMMER!

Wishing all our students, families and staff a happy, healthy and blessed summer!
Be sure to check our website and social media during the summer for updates.

INTRODUCING THE CLASS OF 2027

We are very proud to present to you, the Class of 2027.
We are so excited to see what the next school year brings for this smart, athletic and artistic class!

NEW ADDITIONS TO THE GOLC!

We recently added permanent hopscotch to the Great Outdoor Learning Center as another fun recess activity. The stones were donated by the Merola and Erkman family. Michael Merola, owner of M&N Cleaning and proud SBS parent, was happy to do the installation. The stones will be painted in the fall with guidance from our Art teacher, Mrs. Erkman, and can be repainted each year so all students have the chance to highlight their own artistic capabilities. Thank you to the Merola and Erkman families for their donation!

STEM CLASSES FINAL HURRAH!

Mrs. Campasano had her classes busy up until the last week of school.

First Grade Engineering Design Process

The first grade wrapped up their year in STEM by applying the Engineering Design Process to design and create bird feeders using recyclable materials! The students brainstormed ideas, planned their designs, and worked through challenges as they tested and improved their creations along the way. Through collaboration, creativity and perseverance, they built many successful bird feeders that are now hanging in our GOLC. Way to go, first grade! We are so proud of your hard work, teamwork and overall effort! Click [HERE](#) for more pictures!

LEGO Mazes

Our 3rd grade students took on a STEM challenge to design and build LEGO mazes while meeting specific design criteria. Teams worked together to plan, build, test and improve their mazes within the allotted time frame. We loved seeing their creativity, teamwork and problem solving skills in action! Great job 3rd graders for working hard and remembering to have fun in the process. Click [HERE](#) for more pictures.
