Note from the Pastor:

Next week is our Parish Spring Picnic, please join us and help build up our community. Thank you to all those who work hard to make these events happen in our parish.

I encourage all men to be a part of the "Holy Name Society", and all women to be a part of "Our Lady's Sodality". Sodality is in need of some re-structuring and organizing. We encourage those interested to be a part of Our Lady's Prayer group, from among the women in the group we hope to build up "Our Lady's Sodality". This weekend we celebrate the Feast of the Body and Blood of Christ. The "Eucharist", the Source and Summit of our faith. The mass can build up our faith and strengthen our families when we turn our hearts and minds to God. That is why I am changing our religious education program from a class room model to a "Families of Faith" model centered on the Holy Mass and living our faith as opposed to learning about it. Please pray for this endeavor. It will be a lot of work and require the prayer support of the whole parish if we want it to bear good fruit in our parish, in our community and in our world. We all have a part to play in changing the direction of our culture away from the mundane and towards God. Once again, we must never underestimate the power of our prayers and of our Lord Jesus and our Blessed Mother Mary, Queen of Heaven and Queen of Peace.

Blessings to all—

Fr. Martin +

Please Help Stop Physician Assisted Suicide Legislation

Reasons to oppose: A Deadly Mix with Our Profit-Driven Health Care System, Some patients in Oregon and California have received word that their health insurance will pay for assisted suicide but will not pay for treatment that may sustain their lives. Once lethal drugs have been prescribed, assisted suicide laws have no requirements for assessing the patient's consent, competency, or voluntariness. Who would know if the drugs are freely taken since there is no supervision or tracking of the drugs once they leave the pharmacy and no witnesses are required at the time of death? Despite a reporting system designed to conceal rather than detect abuses, reports of undue influence have nonetheless surfaced in Oregon. Elder abuse is considered a major health problem in the United States, No Psychiatric Evaluation or Treatment Required, pain Not the Primary Issue. Many more reasons to oppose....
