The Twenty-Eighth Sunday in Ordinary Time October 9, 2016

GRATITUDE

Surely we can all recall at least a few days in our lives when things were going so well that nothing could put us in a bad mood. Maybe it was the day a very special person asked us to the senior prom, or perhaps it was our wedding day. Maybe it was the day we learned that we were expecting a long-awaited child, or the day we got an overdue promotion. There was elation in our hearts and lightness in our step, an extraordinary vitality throughout the day. We probably got on the phone right away to tell at least a few key people about our good fortune.

This is surely how Naaman and the leper must have felt when they were rid of their terrible diseases. They were hard-pressed to contain their gratitude, and although they were both unfamiliar with the customs of a foreign land, they had the good manners to thank the people responsible for their cures.

We would like to invite anyone who would like to share their story of the building of the new church in 1951 to share it with us at a luncheon following a special Mass in celebration of the 65th anniversary on October 23rd.

From the desk of our pastor, Father Tony Neusch.

"Please accept a gift from your servant." Naaman offers the same gift of gold, and silver, and spices that were to be given to the King of Judah to Elisha, the man of God. Elisha refuses the gift as he was doing what God commanded. Naaman then asks for earth so that he may never offer sacrifices except to the God of Israel.

Most adults have moved a couple of times. I wonder how many of us keep little bits of earth from the different places we have been. I gather small and large stones for the aquarium from most of my travels. I have a piece of pressed glass that was from the original St. Patrick's in Shamrock, I found it in the garden as it sliced my finger. I will take with me from here a couple of pieces of the bricks from the new entry ways. We carry all kinds of bits and pieces that will probably never mean anything to anyone else. But they help keep us grounded. They show us from where we came, and sometimes where we are going. We need always make sure the earth beneath our feet is firm foundation for our relationship with Jesus Christ
