

3rd Grade All Saint's Day Project Rubric

Criteria	5 - Excellent	4 - Good	3 - Satisfactor y	2 - Needs Improveme nt	1 - Incomplete/Unsatisfac tory
Written Paragraphs about Saint	Clear, detailed 1-2 paragraphs with accurate facts and thoughtful reflections about the assigned saint.	Well-written paragraphs with most facts accurate and some reflection on the saint.	Basic paragraphs with some facts but limited detail or reflection.	Few facts included; paragraphs are incomplete or lack clarity.	Paragraphs missing or incorrect; very little or no effort shown.
Poster Presentation	Creative, neat, and visually appealing poster that clearly represents the assigned saint with relevant details.	Good poster with clear representation and some creativity; neatness mostly maintained.	Poster is adequate but may lack detail, creativity, or neatness.	Poster is messy or incomplete; lacks a clear representation of the saint.	Poster missing or does not relate to the assigned saint.

Response to Saint Martin's Quote	Thoughtful, well-explained personal connection to the quote, community, and everyday actions offered to God.	Clear response with some personal connection and understanding of the quote and community application.	Basic response showing some understanding but limited personal or community connection.	Response lacks clarity or connection to the quote and its application.	Response missing or unrelated to the quote.
Effort and Completion	All parts of the project are complete, showing excellent effort and attention to detail.	Most parts of the project complete with good effort shown.	Majority of the project is completed with adequate effort.	Several parts incomplete or minimal effort shown.	Project incomplete with little to no effort.
Following Instructions	Follows all instructions carefully including length, format, and use of provided materials (bordered paper).	Follows most instructions with minor deviations.	Follows some instructions but misses key details or formatting.	Many instructions are not followed; project does not meet basic requirements.	Instructions ignored; project does not follow directions at all.
