

# **Unit 2 Review: Families Now and Long Ago**

**The Unit 2 test will be Monday 12/15! There will be 10 questions on the test!**

## **Lesson 1: What is a Family?**

- Families are groups of people who love and care for one another.
- Every family is different, but all families help and love each other.

## **Lesson 2: Families Change Over Time**

- Families grow when new people join (babies are born, people get married).
- Families may move to new places or change jobs.

## **Lesson 3: Families Long Ago vs. Today**

- Families long ago had fewer machines and did more work by hand.
- Families today use technology (phones, cars, computers).

## **Lesson 4: Family Traditions**

- Traditions are special things families do together (holidays, foods, celebrations).
- Families share traditions to stay connected.

## **Lesson 5: Family Histories**

- Family history means things that happened in the past.
- Some families keep memories by stories, pictures, or letters.

## **Lesson 6: Timelines**

- A timeline shows events in order from past to present

## **Lesson 7: Historical Sources**

- Sources help us learn about the past.
- Examples: photographs, objects (artifacts), letters, old toys.

## **Lesson 8: Comparing Then and Now**

- Many things change (houses, clothing, toys).
- Some things stay the same.

## **Lesson 9: Maps and Homes**

- Homes can be in cities, suburbs, or rural areas.
- Maps help show location of places.

## **Lesson 10: Working Together**

- Families help one another by sharing chores.
- Families make decisions together.
