Mixture or Solution?

A solution is when 2 or more items completely mix together and you can't tell them apart.
A mixture is when 2 or more items are mixed together but you can still tell them apart.

Try this: Test different ingredients in water to determine if it becomes a mixture or a solution. Describe what happens and state if it's a mixture or a solution.
(Try water with coins, sand, dirt, sugar, flour, ice...)

Read the passage and think about the author's purpose:

Dear Mom,

I think we should have pancakes for dinner tonight! Pancakes are warm, fluffy and really yummy. We can even put fruit on top to make them healthier. They are easy to make, and I can help you mix the batter! Plus, pancakes will fill us up, just like any other dinner. Who says pancakes are only for breakfast? Let's have a fun dinner tonight!

Love,
Luke

1. Is the author writing to persuade, inform or entertain?
2. Why did you choose this purpose?
