"The Eleventh Hour"

DID YOU KNOW that St. Peter Parish has a ministry that prays **FOR THE DYING**?

The ministry is called **"The Eleventh Hour"**. The members of this ministry pray for those who are dying and in their final hours and for those who have recently died. It is very easy to request prayer: just call the parish office 985-892-2422.

Heart of Jesus, have mercy on the dying!

BE READY THIS HURRICANE SEASON

The Hurricane season is June 1st thru November 30th and being prepared is the most crucial element to staying safe! Now is the time to make

an emergency plan for you and your family. Identify where your family will go in case of an evacuation, which may include finding pet friendly locations. Additionally, identify how your family will get there, whether it's in your own car or by another means of transportation.

Establish a meeting place and communication methods in case your family becomes separated before, during or after a storm. Consider designating an out-of-town relative as your family's point of contact. They may be easier to reach than someone who has also been affected by the storm.

Once your family's plan is in place, make sure your home is also ready. You can do so by securing and cleaning gutters, trimming or removing large tree limbs and securing all doors and windows. You should also secure any items that can cause damage in high winds such as trash cans and outdoor furniture.

Because not all storms warrant an evacuation, your family may choose to shelter in place. Be sure to have enough supplies, including clothing, nonperishable food items, and clean drinking water, to last several days. Charge necessary electronic devices, such as cell phones, before hand and limit their use to conserve the battery life. Additionally, you should prepare a disaster supply kit, including (but not limited to) the following items:

- Flashlight
- Radio
- Extra batteries
- First aid supplies
- Cash
- Copies of important documents (birth certificates, medical records, wills, etc.)

James

Pearls for Wise Living

A BIBLICAL STUDY OF JAMES

Looking for an anchor to hold you steady through the storms of life? Want the secret to finding joy in the midst of trials? Interested in learning to recognize the source of discord and the way to peace? James, one of the most practical books of the Bible, is a collection of teachings on issues faced by ordinary Christians in everyday life.

In *James: Pearls for Wise Living*, presenter Jeff Cavins shows how the teachings of James speak to those of us who feel torn between the competing demands of this world and our faith. Jeff pulls everything you need to know out of the Bible, and it all starts to make sense like it never did before.

Hurricane Season is June through November

Do you have a Family Emergency / Disaster Plan?

The family is the domestic church and is integral to the life of the parish. As such, families should prepare themselves for those potential disasters that sometimes affect our homes here in south Louisiana. Hurricanes top the list, it seems, so here are a few preparations a family can take during the season to “Be Prepared.”

- Discuss the types of hazards that could affect your family. Know your home’s vulnerability to storm surge, flooding, and wind.
- Locate a safe room or the safest areas in your home for each hurricane hazard. In certain circumstances the safest areas may not be your home, but within your community.
- Determine escape routes from your home and places to meet afterward. These should be measured in tens of miles rather than hundreds of miles.
- Have an out-of-state friend as a family contact so that all of your family members have a single point of contact through which to communicate if you become separated.
- Make a plan now for what to do with your pets if you need to evacuate.
- Post emergency telephone numbers in a handy place and make sure your children know how and when to use them, or to call 911.
- Check your insurance coverage – flood damage is not usually covered by homeowners insurance.
- Stock non-perishable emergency supplies and create a “Disaster Supply Kit.”
- Use a NOAA weather radio. Remember to replace its batteries every 6 months as you would with your smoke detectors.
- Take First Aid, CPR, and Disaster Preparedness classes.
- Consult the St. Peter Parish Website at <https://www.stpeterparish.com> and the St. Peter Parish app for more information including links to city, state, and federal websites for emergency preparedness.

Pet Care Emergency Planning

When an emergency/disaster occurs, confusion and turmoil usually reign supreme. It is difficult at such a time to remember all the important things that need to be done. Making the proper pet care plans can become more difficult if not done in advance.

The following are just a few questions that may need answers:

- Will you evacuate your pet(s) along with your family in the event of an emergency? If so, will the hotel you plan to use in transit allow pets?
- Have you created a list of items such as medications, special food, water, etc. needed to provide proper care for your pet(s) during an evacuation?
- Have you created in advance a kit containing all of the pet necessities on that list?
- Will it be necessary for you to board your pet locally until you return home? With what local pet facility will you board and at what cost?
- Sometimes the questions can be more difficult if not impossible to answer, such as how long will the evacuation continue? Making arrangements with the animal caretaker even for protracted evacuations may be an important issue to discuss in advance. Of course, not all questions can be answered, but by asking the questions you can be better prepared to deal with most eventualities you may encounter with emergencies.

Below are several websites you may wish to visit that prove helpful in providing answers to many of your questions and may possibly assist you in advance plans to care for your pet(s) during times of emergency/disaster:
