### **Part 3: Diocesan Leadership, Staff, Offices, Organizations & Ministries.**

#### **Vicars General**

The Vicar General serves as an extension of the Bishop, at least in his executive authority. His main and indispensable purpose is in offering counsel. He acts as the Bishop's chief counsel and trusted advisor. In particular, the Vicar General collaborates with the Bishop in regard to spiritual leadership, strategic planning and financial planning. He offers his assistance and counsel through membership in the College of Consultors and on the Council of Priests. If an issue cannot be resolved by the Episcopal Vicar at the deanery level, then it would be brought to one of the Vicars General. Knowing the mind of the Bishop, he would be well placed to address the concern; and if he were not able to do so, only then would it be brought to the Bishop. He may have a full-time position in a parish or Diocesan ministry, but he may also act as delegate for the Bishop on an interim basis.

He is a close collaborator with the Diocesan Bishop in the pastoral care of the faithful who make up the local Church and is a support for the priests in the deanery entrusted to him, especially those who are ill or in difficult circumstances. By reason of his closeness to the priests of the deanery, he can anticipate problematic situations as well as provide crisis intervention. He contributes to the pastoral welfare of the local or deanery region and exemplifies a leadership that is exercised in a supportive, collaborative and facilitative manner. Member of and participates in the Council of Priests, as well as serving on the College of Consultors.

519-439-1553 x33 | Fax: 1-866-603-4267 | pbaillargeon@dol.ca

Oversees the canonical area within the Diocesan structure. While not implicit to this role, the Episcopal Vicar for Canonical Services also acts as the Chancellor and Judicial Vicar of the Diocese. Distinct from these offices, however, the Episcopal Vicar for Canonical Services possesses a share in the executive authority of the Diocesan Bishop for matters within his competence, as for example, the executive power to grant canonical permissions and dispensations and to perform other acts proper to a local Ordinary, as are appropriate within the scope of his concern.

#### **Office of the Chancellor**

Oversees the canonical administration of the Diocese. Specific tasks can be many and varied but always center on or concern the correct application of canon law to the governance activities of the Diocese. The Chancellor draws up all canonical documentation, (e.g., decrees, canonical permissions, dispensations, etc.), acts as the chief notary of the Diocese, communicates canonical acts to those to whom they pertain, and serves as the Archivist of the Diocese. In addition, the Chancellor serves as a canonical resource and support to the Diocesan Bishop, the Diocesan administration, the consultative bodies in the Diocesan governance structure and parish ministers regarding questions that involve canon law or have canonical implications.

#### **Judicial Vicar, Tribunal of the Diocese of London**

The Judicial Vicar is the chief judge of the Diocese, acting on behalf of the Diocesan Bishop in the administration of justice. Oversees all judicial proceedings mandated by the Code of Canon Law, including penal trials and, in particular, trials to decide the validity of marriage. Responsible for the Tribunal of the Diocese of London and acts as an Associate Judicial Vicar within the Toronto Regional Marriage Tribunal (i.e., the Catholic Marriage Tribunal), which is charged to process cases of possible invalidity of marriage for reasons of defect of consent (i.e., "annulment"). Reference for those in parish ministry in questions involving marriage, the resolution of marriage situations and possible second marriages in the Church.

519-433-0658 x242 or 519-439-1553 x35 | dmajer@dol.ca

While the Chancellor is by office the Archivist of the Diocese, the day-to-day care and management of the Diocesan Archives is confided to the Archivist, who is a trained and accredited professional in archival sciences. The Archives of the Diocese of London comprises not only the documentation created by the various offices within the Diocesan curia, but also an extensive collection of documents, registers, photographs and artifacts of historical significance to both the Diocese and the Church in Canada. This collection, which is continually being added to, must be catalogued, scientifically preserved and maintained in order to be of use to those engaged in research.
