

Our Children + Technology = ???

Using Technology Wisely in our Homes

Dr. Jim Schroeder is the Vice President of the Department of Psychology and Wellness, and training director of the pre-doctoral internship and postdoctoral fellowship at Easterseals Rehabilitation Center in Evansville, Indiana. He resides there with his wife, Amy, and their eight children.

Are you concerned about the effects of technology on your children? Saint Helena Catholic Church and School invites you to a talk by pediatric psychologist Dr. Jim Schroeder. Come join us as we learn about the latest research on the effects of technology and what we as families can do to help protect our children.

Join us for one or both parts
of this free two-part presentation.

9:00-10:30 am

Part 1 - How Did We Get Here?

What the research says about how children
and their development are affected by
technology use.

10:45-11:45 am

Part 2 - Safeguards for Parents and
Guardians

Learn some practical strategies to protect
children regarding uses of technology.
