Solemnity of the Epiphany of the Lord

January 5, 2020

FROM the PASTOR'S DESK...

I have been having a conversation about the future of our parish of Saint Monica. We have taken a look back over what has occurred over the past several years. We looked at "Encountering Christ Through the Word, Through Liturgy and Through Serving Others." This week we look at the temporal aspects of the parish.

When I first arrive at a new parish assignment, there are actions that I quickly schedule. One is an official audit by the archdiocese. One is a meeting of the Finance – and Pastoral Councils. A formal session with the staff as a whole is key as well as one-on-one meetings with all members of the staff. Soon after I arrived, I was introduced to members of the Facilities Committee. I was impressed with the foresight of Saint Monica parish. This type of committee is rarely seen at most parishes.

We started walking around the campus. We noted what was broken. We saw what needed repair and what needed replacement. We noted what infrastructure was outdated. We ended up with 9 pages of items. We realized that this was going to be a bigger project than we had envisioned. Upon the recommendation of the Facilities Committee, we put out bids for a consultant. Mike Cappelletti, James Sanborn, Richard Annechini, Fred Pioggia joined with Frank Orman and Frank Pantano. Eventually, we engaged The Remington Group who came up with a 5-year "Master Plan." They listed the needed projects and put together a time table. Next, Remington developed a "Request for Proposal" for an architect. GKO Architects rose to the top. Their work proposal was solid. They had an innovative approach on how to solicit parishioner input into the process. Their price was also the most attractive of the bidders.

We identified close to 70 separate projects. Many were repair and replace items. Some were renovations. Some involved new construction. Remington and GKO did a deep dive into the estimated costs of these projects. Estimates for completion of the projects varied – from \$1.7 million to \$12 million. New building projects were the main drivers of the higher cost estimates. This was a wide range of options. GKO and (Continued on Page 4)

FROM the PASTOR'S DESK...

(Continued from Page 1)

Remington developed a strategy to solicit opinions from parishioners. Both companies wanted to see what parishioners thought were the most important items to address. We offered a questionnaire on-line and in paper form. Afterward, parishioners were invited to a "Design Day." In this exercise, colored depictions of the various buildings, renovations, and repair areas were provided. Teams of parishioners were asked to "build" a St. Monica campus that reflected their priorities. There was a high degree of agreement among parishioners. Top priorities included resources for the youth, necessary repairs, replacement of broken items, the church, what would be needed to enhance the liturgy, resources to enhance fellowship and socializing among parishioners, and the parish offices. There was also wide agreement on a general cost range that the parish felt it could handle.

Many parishioners agreed with the rationale for such an undertaking. The parish of Saint Monica needed to look to- and plan for – the future. To have a future, the parish needed to act. Saint Monica needed a "home" or a spiritual base. This would include investments into the spiritual, pastoral, liturgical and social programs of the parish. Saint Monica also needed a "house." This was the structure where such activities and programs could occur. Parishioners realized that the need was not cosmetic. The buildings had been heavily used over the past quarter-century. We needed to make significant investments. The entire venture was beyond any volunteer-basis approach. It was going to need a phased-in approach involving professionals over several years.

Parishioners needed to consider serious questions. What kinds of spiritual, pastoral, social and service programs should we offer to ensure the parish thrives in the future? The parish had identified some parish priorities. They were Youth/Families, Fellowship and Liturgy. How should facilities be modified to meet the demands of these priorities. How can the parish build to encourage, support and accommodate parish growth? In the end, parishioners identified about 50 priority areas and projects.

Next week we will examine how we financed these projects. We will also take a look at where we currently stand.

AN OUTSTANDING HIGH SCHOOL - AND THE BUS COMES RIGHT TO YOUR DOOR!

Regina Luminis Academy has a few openings for interested high school students who are looking for an outstanding small school providing a classical liberal arts education in a truly Catholic environment. Regina Luminis Academy is located in Berwyn and has recently received the great distinction of being recognized as a **Catholic Education Honor School by the Cardinal Newman Society**. Only some 300 other outstanding Catholic schools in the nation have received this distinction since the National Honor Roll Program was started in 2004. SOMETHING TO THINK ABOUT —

AN ANNUAL RETREAT

For some of you, this is just a reminder for others it is something to think and pray about. For over 30 years men from Saint Monica's and its neighboring parishes have been spending the first weekend of February at a gem right in our own backyard - the Malvern Retreat House in Malvern. This year The St. Blaise / Curran Retreat will begin Friday evening, January 31, and go through noon on Sunday, February 2. Just a short drive away and once there you will find yourself in a place where you can take a step back and reflect on the past year and prepare for the current year. As a bonus, we are lucky to have as our retreat director our own pastor and friend, Fr. Zlock.

To learn more and to register for the weekend, please visit: <https://www.malvernretreat.com/events/st-blaise-curran-memorial-3> or contact Joe Lydon, lydonjoe@comcast.net, 610-731-3605.

Added Note: You will see that the weekend cost is \$250. **However ...** Do **not** let this effect your decision in any way as Malvern does **not** restrict anyone from attending based on cost; it is more about the spiritual reflection time that is to be experienced by all. Pay what you can afford. **Also**, the HNS can provide financial assistance for your attendance. The mission is to have you there. For more on this opportunity, also contact Joe Lydon. Thank you gentlemen ... Prosit

FEAST OF THE EPIPHANY

Reflection by Rev. Leonard N. Peterson

"Tis the season" of beautifully wrapped boxes encasing treasures specially chosen by the givers. They are meant to express many things, above all love, but also friendship, forgiveness for perceived failures, or just plain joy for the present and the future.

"Tis the season" for receiving gifts, presumably given by loved ones or recent acquaintances, or even perhaps a co-worker from the wider reaches of our "people circle" wishing to acquire or strengthen a relationship. Or they may be expressions of thanks for favors received.

"Tis the season" of a brand new year, its number 2020 often used to define perfect eyesight, thereby giving a hint that this may be the perfect year to look for a "new vision" to permeate our outlook.

"Tis the season" of Winter's apex, when ever so slowly the daylight lasts longer with each new day, calling for us to live the hope we invest in Spring.

"Tis the season" above all to recognize that Jesus Christ is Himself our greatest gift. His unchanging love for us is no prisoner of time or whim. He is "the Light of the World" for all men and women anywhere and everywhere.

"Tis the season," finally, of Epiphany, which is Christmas for many Eastern Christians. That marks the time when Christ burst out of the confines of a Bethlehem stable to be a Gift, beautifully wrapped but eager to be opened for all nations.

All of this expanded meaning for the season underscores why we love it as being so special. True, it shakes us up a bit, especially if we have commercialized it, or limited its invitation to love God and our neighbor, or unconsciously made our Christianity into some kind of private possession, not to be shared with people who don't look like us or speak our language. It tells us each year that we share this blue ball we live in with billions of others, all created by the one God and Father. There are no strangers here.

The poets of our world have a way of stating the truth that makes us pause and rehearse their words with our inner ears. We need them more desperately than we sometimes acknowledge. They open us up on this Epiphany day so that we can ponder and grow. Here is one of them with the lilting name of Edna St. Vincent Millay. This is what she wrote:

*"The world stands out on either side,
No wider than the heart is wide.
Above the world is stretched the sky,
No higher than the soul is high."*

**Peace to you and yours
this New Year of the Lord 2020**
