Building Project Update – January 23, 2022

St. Edmund’s Capital Campaign for the new building is moving along nicely. To date $427,226 has been raised toward the building campaign, of which $55,612 has been spent for soil drilling, Liturgical Consultant, site survey and architect fees. We received $81,000 year-end donations in December, bringing the total for donations during the last quarter of 2021 to $90,860. Thank all of you for your generous donations!

It is now time to start the next phase. We need your help!

1. Please pray and talk about what monthly donation you can give toward St. Edmund’s new building project. We will be asking for pledges, so we can determine where we are, in order to meet our goal.

2. We realize that we will not be able to raise all the money from within the parish. We need names of any potential donors you may know. Please submit names and contact information to the Committee. We will then set a plan to contact potential donors.

3. Do you have close contacts at another Parish you were previously a member of? We would like to reach out to other Parishes to ask for their financial assistance.

4. We will be working on grant proposals the first quarter of this year. Working together, we can make our new Parish facility a reality.

Please contact Lee Kremer, 847-224-7313, kremer@citrisurf.com or Carole Petty 307-752-2138 with any assistance you can provide.
