

INTERNSHIP IN SPIRITUAL DIRECTION

Archdiocesan Spirituality Center

AN INTERNSHIP IN SPIRITUAL DIRECTION

Among the variety of conversational ministries through which faith is shared and strengthened is the ministry of spiritual direction. Spiritual direction is distinguished from preaching, catechesis, pastoral counseling, and spiritual friendship because this faith conversation has as its purpose: discernment.

A directee engages a director in order to deepen their awareness of God's presence in their life. It is this desire for intimacy with the Lord that creates the situation of spiritual direction. Together the directee and director discern the presence and movement of God in the life of the directee.

Although the honing of skills is a part of the formation of a spiritual director, the essential formation comes from God's gift and the spiritual hunger of the intern. When God has gifted a person with faith and discernment, a training program can help that person recognize, strengthen and purify their gift of discernment.

This training is done with a wisdom community of faith and discernment.

DEVELOPMENT OF A DIRECTOR

1. The Archdiocesan Spirituality Center Internship in Spiritual Direction incorporates a broad reflection on the ministry of spiritual direction within the context of today's church.
2. The Internship follows the methodology of discernment found in the Spiritual Exercises of St. Ignatius of Loyola. This methodology is used for the directing of retreats as well as ongoing spiritual direction.
3. Within the fourth quarter of the Internship a process of individual and group discernment assists the participants to discern if they are called to the ministry of spiritual direction or to another form of conversational ministry (e.g., catechesis, spiritual conversation...). This discernment, also, considers the areas of spiritual direction to which each feels called.

PREREQUISITES

1. A Life of Prayer

Faith expressed in a life of personal prayer is the foundation for doing spiritual direction. Facility in an interpersonal expression of scriptural prayer is necessary in guiding the deepening prayer of others.

2. A member in good standing with one's Church.

3. The Gift of Discernment

Spiritual Direction is a process of discernment: distinguishing God's voice both within and around us from the many other voices that call to us.

This spiritual discernment is built upon a number of natural abilities:

- Focus: the ability to stay with the core experience and movement of God
- Objectivity: empathy without enmeshment
- Recognition of connections, correlations and dissonance
- Sensitivity to interior movements along with the ability to articulate interior understanding
- Prudence: good judgment

Discernment like all gifts comes in degrees. Some facility in the abilities above is necessary for the ministry of spiritual direction and for the internship.

4. Personal Experience of ongoing spiritual direction

The intern's personal experience of spiritual direction establishes the context of the entire formation program. Applicants must be in spiritual direction for two years prior to entering the internship.

5. Directed Retreat based on the Spiritual Exercises of St. Ignatius

These solitude retreats are given in a variety of lengths, from 3 days, 5 days, and 8 days. The Internship requires at least one Directed Retreat of 8 or 5 days (an 8 day is preferred).

6. Making the Spiritual Exercises of St. Ignatius

The Internship works out of the participants' experience of the Spiritual Exercises of St. Ignatius. The one who directs the intern needs to be knowledgeable of the Spiritual Exercises and experienced in directing them. They need to guide the intern through the whole of the Exercises.

There are two formats for the making of the Spiritual Exercises:

- “30-Day Retreat”: Exercises are made in solitude over a period of thirty days.
- “19th Annotation”: Exercises are made in the flow of the retreatants’ daily life over a period of about seven (7) months. **This must be one on one with one’s spiritual director, not in a group. The retreatant meets with their director weekly.**

7. Adequate Theological Background

Every spiritual director works from and mediates a faith tradition. The Internship focuses on the Theology of Discernment and builds on an overall theological formation. A bachelor’s degree in Catholic theology fulfills this requirement. At a minimum, the individual must have undergraduate courses in the following areas:

- The Creed
- Catholic Understanding of Scripture
- Christology
- Sacraments and Worship
- Personal Morality
- Social Morality
- Introduction to Church History
- Ecclesiology and Mission of the Church

or has completed the formation program for ordination into the permanent diaconate.

8. Present and Future Ministry Which Includes Some Form of Spiritual Direction

Who is asking the applicant for this service? Does the applicant foresee that by the second year of the Internship they will have people coming to them for spiritual direction?

9. Ability to Attend All Aspects of the Program and To Do the Required Study
