## Ethics and Integrity Class

**Feb. 17TH at 2:15 pm Parlor**

All those over the age of 16 who wish to work within the church with children or vulnerable adults must have a background check and attend an ethics and integrity class.

## A message from Bishop Michael Sis

Dear parishioners,

As you may know, in 2002 the Catholic Bishops of the United States established the *Charter for the Protection of Children and Young People.* That policy applies to every diocese in the country, including San Angelo. Through the implementation of the Charter, we work diligently to provide the safest environment possible for children and youth in our various church programs.

This is carried out through several practices, including background checks and mandatory training for all church workers and volunteers dealing with children and adolescents, the use of a Victim Assistance Coordinator to assist victims who report sexual abuse by church personnel, annual audits of parish safe environment programs, and annual audits of the diocesan safe environment program by an independent agency. We continue to review and fine-tune our procedures, practices, and standards.

In a spirit of being transparent and accountable, for the care of souls, and to assist survivors of child sexual abuse, the Catholic Bishops of Texas recently agreed that each of our dioceses would disclose to our people a list of all priests, deacons, and religious who have had a credible allegation of sexual abuse of a minor while serving in our diocese.

Our list was posted on our diocesan website on January 31, and it is available for your review there (www.sanangelodiocese.org). This list also appears in the February edition of the *West Texas Angelus*.

To all victims and your families, I am deeply sorry for the pain, suffering, and betrayal you have experienced. We continue to encourage anyone who has been sexually abused by church personnel to report it to public law enforcement authorities and to our Diocesan Victim Assistance Coordinator, Lori Hines, by phone at (325) 374-7609 or email at lhines@sanangelodiocese.org.

Please pray for the healing of all victims of sexual abuse.

**Please pray for:**

Donovan Crawley, Dan Carpenter, Stephanie Velasquez, June Ponsetti, Elva Hurst, Mary Chew, Belen Rangel, Orion Campos, Esther Paschal, Vianey Gatica, Adam Hill, Melissa Navarrette, Ramiro Salazar, Malakai Tavarez, Norma Bullard, Tony Perez, Delia Perez, Alyssa Stauffer, Gabby Brown, Elliot Evans

## Fr. Mark's Report on Stained Glass Windows

On Saturday, Jan. 26TH, Fr. Mark, our business manager, Blas Campos, and the members of the building committee, traveled to Berg Studio in Lubbock to meet with the artists making our stain glassed windows.

Prior to our trip we were frustrated – as most parishioners are – that after being in the completed church a full year we still did not have any of the dozen windows we ordered several years ago.

The Berg people spent two hours with us patiently indicating what they had done, what they are doing, and what remains to be done. We learned a lot about the production of stained glass windows. It was clear that at this point no other project is being worked on in their large workroom.

We came away feeling very satisfied that Berg is moving as quickly as possible to complete this order. Remember how those medieval cathedrals took a hundred years to build? Real quality stained glass windows, such as we ordered, are the same. We could have ordered windows of lesser quality made by machine (and for years to come been embarrassed by them). Instead we ordered very high quality windows that – like the original windows in our church – true artisans are making by hand.

Several problems are slowing the Berg artists down. Until recently there were six factories in Germany producing the glass used in our windows. Today there is only one, so glass is hard to come by. The demand for quality stained glass windows is way down. Each of the thousands of pieces of glass must be cut by hand and there is no room for error. Months can pass before wasted glass is replaced.

The good news is: some of the windows may be finished by Easter, and others will come in the months after that.
