Cold weather precautions are now in place. Daily mass will follow the published schedule and will be cancelled in those cases when either Northeastern or Northern Adirondack school are closed or have a delayed opening. Also, Preparations for the cold weather include protection of the St. Anns church toilet drain. To protect this pipe from freezing haybales have been placed over the path of the pipe. Thank You to the DeCoste Farm. This will prevent use of the driveway between the church and the rectory for the duration of the winter. We are sorry for this inconvenience. Hopefully, this precaution will allow use of the church toilet during the winter.

In Prayer

We keep in prayer the sick and infirm of our parishes. We pray and work for peace in our homes and in our world; for unity among all Christians; the victims of oppression, prejudice, violence or hate; for a greater respect for all human life, from conception to natural death; and for all the faithful departed: Theresa Naro, Irene LaValley.
