- Proverbs 16:3

A Note from the Principal

Dear St. Augustine Families,

We have reached the conclusion of a successful academic quarter. Thank you for your ongoing support as we work together to educate your child. We recognize that there are times when you may need to pick up your child early from school. However, we would like to highlight the impact this has on the learning environment. Last week, for instance, we had 22 students who were picked up between 2:00 and 3:00 PM in one day. Each time the office phone rings, it interrupts the educational process for both the teacher and the students. As we approach spring and schedules become more hectic, we kindly ask that you take this into consideration when planning your afternoons. Additionally, if you need to arrange for early pickup, please remember to email both the teacher and Mr. Bullock in the morning. Thank you for your understanding. - Dr. Logan

Reminders

- As a reminder, please ensure that your child(ren) are picked up by 3:45 PM afterschool if they do not take part in Aftercare or an Afterschool Activity that day. Furthermore, please stay mindful that Aftercare closes promptly at 6:00 PM during the school week. Per the Parent and Aftercare Handbooks, there will be a \$30 fee Drop-In fee for every student that stays past 3:45 PM and is not in part of Aftercare or have an Activity that day.
- Students who are in third through eighth grades should be working on their Science Fair projects. All Projects and additional materials must be brought to school on Friday April 11, 2025, the day of the Science Fair.

Announcements

Science Fair

Please join us on April 11 at 10a.m. for a day of S.T.E.M. as 3rd , 4th, & 5th Grades takes you on an exploration of biology, physics, chemistry, robotics and more.

Summer School and Retention Policy

According to our policy, students will not be promoted to the next grade if their performance series test results, conduct, and attendance do not meet the required standards. Students who fail two or more core classes are expected to attend summer school and must provide proof of attendance. This proof will be reviewed by the administration to determine eligibility for promotion. Decisions regarding retention will be communicated on April 4, 2025.

NWEA MAP Growth Assessment - Spring Testing

As we prepare students for the Spring MAP Growth Assessment, our teachers will implement the following initiatives:

- Parent Math Class Night: Engage families with the math curriculum and provide support strategies.
- Rising Scholars Math Group: Assist students performing below grade level on the MAP Growth Assessments.
- Individualized Easter Packets: Reinforce key math and reading concepts.
- Focused Deep Dives and Reteaching Sessions: Address skills that some students have not yet mastered.
- Daily IXL Skills Practice: Encourage continuous learning
