The 6th graders have been learning about plant and animal cells in Science class. They learned about the many parts of the cell and the function of each part. Last week they got to show off their knowledge by creating a plant or animal cell. They used cake and frosting for the cell membrane and cytoplasm. Then they used different types of candy to create the other organelles in the cell. Before anyone could eat their creations they had to explain all the parts and how each part helped the cell. All 6th graders did an awesome job and enjoyed their sweet, tasty snack.

Congratulations to ALL Holy Rosary students that showcased their outstanding artwork at the Taylor County Fair. These five students were given ribbons for Awards of Merit. Thank you to Mrs. Liske for getting everything together for the fair entries.

'This is the day the Lord has made, let us rejoice and be glad.' Psalm 118:24

Mrs. Weis and her Kinderstars had a wonderful community day at the Medford Area Fire Department. They graciously shared their time explaining fire safety and their equipment. The students enjoyed meeting Smokey the Bear and climbing into a fire truck!
