

TAHER^{INC.}

Professional Food Service Management

take a seat at our table

For over 43 years, Taher, Inc., a privately owned company, has been providing schools with local, sustainable, and **boundary-pushing recipes** and **chefs that keep your students happy, healthy, and enthused to learn**. This is ingrained in our company through a deep love for how food transforms communities. New foods teach us about faraway lands and cultures. Cooking gives us a chance to share, to provide, to explore something new.

Most importantly, eating with friends, family, and guests provides an opportunity to bring people together.

A handwritten signature in black ink that reads "Bruce Taher".

Bruce Taher, President & CEO
