

WE MAKE LUNCH FUN AND DELICIOUS

Dear St. Eugene Parents:

It comes with great excitement to announce our new partnership with St. Eugene School. Lunch service for PK - 8 will commence on September 12, 2022 and we will be providing you with a full service in-house cafeteria lunch program with lunch line so your kids can see and smell the foods. We will add 'Daily Hot Lunch Specials' in October when the installation of the new oven is complete.

We promise to provide your children with delicious fresh foods, safe food handling, transparency with ingredients for allergies, and a lot of fun. Food items are still challenging to source and remain at all time inflated prices. I am committed to sourcing foods and keeping prices stable, but please be understanding if an item becomes unavailable.

Our lunch program is designed to provide healthy, nutritionally balanced meals that kids love to eat and are affordable for families. We offer an inclusive everyday lunch menu, along with one hot lunch special each day. Families love our program because of the flexibility and variety of options.

Our goal is to build confidence, loyalty, and consistency between our lunch program, the students, and you. I look forward to this wonderful opportunity at St. Eugene School and to aid in providing your kids with the tools needed to make smart, healthy lunch choices.

You are now able to login or create an account. Instructions are on the following page. Please follow step by step. Please do not create more than one account per student. Please keep your account funded to ensure a smooth lunch experience. It is a debit system, not credit.

I can be reached at bo@happykidlunch.com

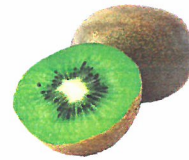

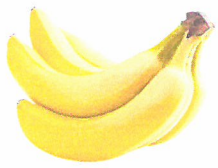

Always provide your school, child's first & last name, teacher & grade.

Warmest Regards,
