Concert

January 29-February 3 -
Catholic School's Week

Reminders

The cold weather is here!
Please make sure to send your
child to school with a warm
winter coat for when they go
outside for recess.

Our January book report will
be a cereal box book report.
Students will choose a fiction
book to read. An assignment
sheet will be sent home.

OUR LEARNING focus...

ELA - We will continue to read
different genres of text. The
students will be working on
crafting short responses that
include a claim, evidence, and
supporting details.

Math - We are at the end of
Module 2. Our next module
will focus on multiplication and
division with units of 0, 1, 6-9,
and multiples of 10.

Social Studies - We will continue
to strengthen our map and
geography skills. We will continue
learning about economics.

Science - We have just started our
unit on climate. We will create
flashcards and play some Kahoots
to strengthen our knowledge.

Religion - We will be preparing
and reviewing for our religion
mid-term on January 17.

Practice AT HOME

This month we will continue our
multiplication quizzes. Please
continue to practice these facts
with your child at home.

We will also be creating
vocabulary flashcards for science
and social studies. Please go
over these with your child
as well. Thank you in
advance!

Specials SCHEDULE

Monday - Library

Tuesday - Art

Wednesday - Gym

Thursday - Music
