

From Mr. Sullivan's Office

Faith in action- locally and globally

Our 8th graders served lunch to those in need last Wednesday. Students and volunteers made sandwiches and brought desserts to take to Sharing and Caring Hands. Students delivered hygiene items and toys that were donated by the community. They also had a tour of the Basilica of St. Mary in Minneapolis. It was a wonderful opportunity for our students to put their faith into action and meet Mary Jo Copeland. Thank you to everyone who donated items!

Conferences are this Thursday and Friday. Preschool conferences are in April. Parents of K-8 students should already have scheduled a time. If you haven't, please contact your child's teacher as soon as possible. Our Mission states that we work in partnership with families to achieve our goals. In order to make the most of your conferences and foster this partnership, please keep the following in mind:

- Be like St. Ignatius and assume positive intent! Assume that everyone involved has your child's best intentions in mind.
- Conferences should be a two-way conversation, be prepared to ask and answer questions.
- Please be respectful of the teacher's time and of those waiting for a conference.
- Talk to your child about school before conferences. What do they think their strengths and weaknesses are? What do you think? Share these insights with the teacher.

The SEAS Food Drive kicks off tomorrow. Food and donations, five items or \$5, are collected to benefit Hastings Family Services. The food drive will run through April 2nd. There is more information in the eNews.

We are also still collecting change in the Living Water bottles, which are due back next week.

Service is one of the four pillars of our school. Service provides our students opportunities to make Christ known and loved to others outside of our community and put their faith into action. Please pray for the success of our almsgiving projects.

God bless you all and have a great week!

Mr. Tim Sullivan

The best way to contact the office is by emailing schooloffice@seas-school.org
