

Incoming Grade 4 - Math Summer Assignment 2025

Complete 240 minutes of IXL in ANY OF the following 3rd **Grade Skills**:

You do not need to do all sections, but focus on learning your multiplication facts.

A: Place Value

B: ordering and comparing

C: estimating and rounding

G: Addition

H: Subtraction

P-T: Multiplication

U-Y: Division

EE-KK Fractions

OO: Lines and angles

PP: Quadrilaterals

RR: Time

TT: Measurement

VV: Money

Once you are done with these, you can work on anything in your NWEA “Skill Plan”

Please Complete: **240 Minutes**- When you reach this goal you have completed your Math Summer Assignment. It might be helpful to try to do 120 minutes by 7/31 and the other 120 by 8/31. It is never a good idea to wait until the last day.

Scoring Rubric:

- Completion of **all 240 minutes**- Grade 100%
- Completion of **200-239 minutes**- Grade 90%
- Completion of **160-199 minutes**- Grade 80%
- Completion of **120-159 minutes**- Grade 70%
- Completion of **119 minutes and below** - Grade 60%

*Your completed summer assignment will be graded and included in the First Quarter Marking Period.

All work should be completed by Monday September 1st 2025. If you have any questions contact us through Google Classroom.
